

Hygiene Access Panels

ACE Architectural Panels Hygiene Access Panels are a range of cleanable Moisture Resistant Pre finished Panels which are available in a variety of standard sizes to suit your site requirements. The Hygiene Access Panels are intended for use in general areas plus areas of Moisture and High Humidity. The Hygiene Access Panels offer an excellent resistance against Grime, Dirt, Bacteria and Moulds. The strong chemical resistance allows this Access Panel to perform in areas where there is a high level of contamination and frequent cleaning is required. The Hygiene Access Panels are manufactured with a removable MRMDF Door panel which is coated in a 2 pack High Performance Polyurethane base system on the face and edges.

- Edge Detail – Flanged edge or Set Bead
- Standard Sizes – 300mm , 450mm & 600mm
- Finish – Matte or Gloss finish available
- Custom colour – Choose your colour to match site requirements

Cleanability – Daily manual wet washing and wiping. Can withstand the use of common disinfecting chemicals. Easily wipe away dirty marks and finger prints as required.

Moisture Resistance – The Hygiene Access Panel is a completely moisture resistant panel. The MRMDF substrate and Inflonito coating system offers a superior barrier against particles and moisture.

Colour Range

*Choose any colour from the Dulux or Resene Colour charts or see above
for further panel finish options.*
